Illinois Statewide Technical Assistance
Center for Parents

An Initiative of the Illinois State Board of Education

Funding for the Illinois Statewide
Technical Assistance Center for Parents
is provided by the Illinois State Board of
Education. 100% of the funds are from
federal sources.

Illinois Statewide Technical Assistance
Center for Parents

An Initiative of the Illinois State Board of Education

Working together with
parents and educators
to improve the
outcomes for students
with disabilities.

PARENT MENTORS

- Equip parents to advocate for their child;
- Prepare parents for the IEP process;
- Improve collaboration between parents and teachers;
- Develop parent leadership;
- Increase family involvement.

The Parent & Educator Partnership:

The Illinois State Board of Education (ISBE) initiated the Parent Mentor Project, known as the Parent & Educator Partnership, to increase partnerships with educational stakeholders, which include parents of preschool and school-age children.

ISBE has a priority to support communication and improve the delivery of training to parents of students with disabilities. The Parent Mentor Project is one avenue which provides training and information to parents and educators at each local site.

Goals of the Parent Mentor Project include:

- Equip parents to be equal partners in their child's education.
- Nurture collaboration among parents and educators.

The Illinois Statewide Technical Assistance Center for Parents

The Illinois Statewide Technical Assistance Center for Parents (ISTACP) was initiated by the Illinois State Board of Education to provide technical support to parents, educators, state agencies, and Parent Mentors throughout the State of Illinois.

ISTACP is a valuable resource for families and educators, providing a website (www.pepartnership.org) which includes:

- Categorical Resource Search
- Lending Library
- Quarterly e-Newsletter
- Message Board

In addition, ISTACP provides ongoing support to Parent Mentors through statewide, regional, and local training. As well as materials to be successful at the local site.

If you are interest in learning more about the Parent Mentor Project or ISTACP, please complete the form to the right and return via mail or facsimile.

Parent Mentor Interest

Which best describes your interest:

- We currently have a parent mentor working with our parents and educators and would like to receive technical assistance from ISTACP.
- We are interested in developing a parent mentor project locally.
