Presented by Rhea Braslow

Thursday, February 11, 2010
6:30 p.m. - 9:00 p.m.

SEDOL

18042 Gages Lake Road
Gages Lake, IL

If you've ever wondered—or never wondered—about the following, then this workshop is for you!

- ❖ How is my child's "Present Level of Performance" determined? How does it impact goals?
- ❖ What's the difference between a goal and an objective/benchmark?
- ❖ Why are well-written goals so important to my child's education?
- ❖ How do I know if a goal is measurable? What methods are used to measure goals?

This workshop will provide you with a "recipe" for what clear, data-driven, measurable goals include. It will clarify the difference between subjective and objective goals, highlight the importance of data collection in the goal writing process, and give you an opportunity to practice writing goals.

Join us at 6:30 p.m. for refreshments and networking time. The workshop will begin promptly at 7:00 p.m. This program is free of charge and is open to all families within the 36 member school districts served by SEDOL. Babysitting *will not* be available.

Please call 847/548-2577 x35 or 847/721-3567 with any questions.
